

# Bordesley Green Primary School

We care, we create, we champion.  
Individually we succeed, together we  
excel.

# Bordesley Green Primary School

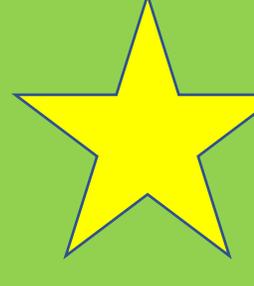

## Leadership Team

Headteacher – Mr Holmes

Deputy Headteacher – Miss Burgess

Year 6's Assistant Headteacher – Miss Pennington

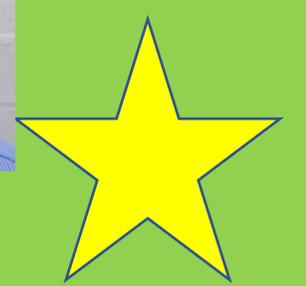

# Your Child's Team

The Year 6 Team

Miss Stroud, Mr Wall and Mr Austin

# Parents

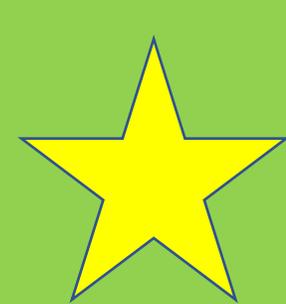

We want to support you as parents too. We recognise that some families have faced many added challenges due to the pandemic. Thank you for supporting your children in the best way that you can with home learning-the children have benefitted from this greatly. If you would like to talk someone about any worries you may have, or need more information on services that can support you in these difficult times, please see our Parent Ambassador, or email:

[thehub@bordsgrn.bham.sch.uk](mailto:thehub@bordsgrn.bham.sch.uk)

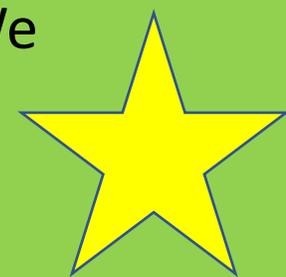

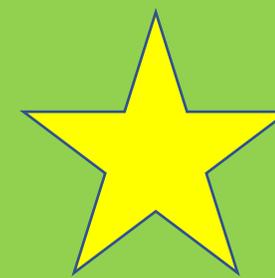

# The Recovery Curriculum

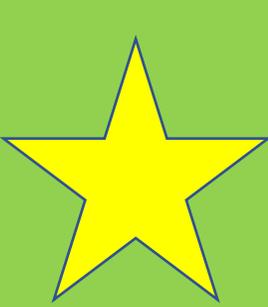

We have thoroughly enjoyed welcoming the children back to school. We have adapted our curriculum to meet the needs of our school community.

We recognise that all our children will have had very different experiences during the time of lockdown and with the ongoing pandemic and we have carefully thought through how we can support all children on their return to school, both emotionally and with their learning.

# Recovery Curriculum

In order to help the recovery process at Bordesley Green Primary, we will have a clear focus on the following areas:

**Building Relationships**

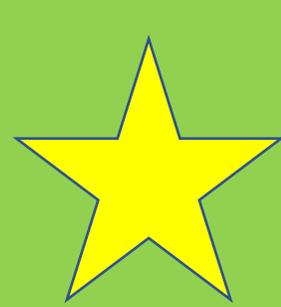

**Managing Feelings and Emotions**

**Engagement with Learning**

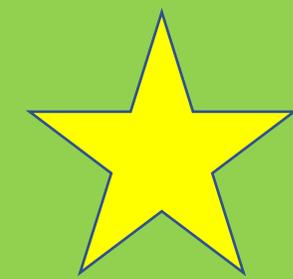

**Identifying and Addressing Gaps in Learning**

**Wellbeing**

# Our School Values

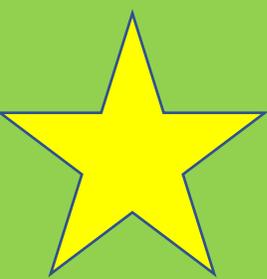

- Resilience
- Empathy
- Self-control
- Perseverance
- Equality
- Courage
- Teamwork

## RESPECT

One child per class who has shown our school values in their good behaviour will be picked each week to receive an award from Mr Holmes

# Our School Rules

All children have the right to develop their potential and be safe and so must take on the responsibility of following our school rules.

We will:

**Use kind hands, feet and words to everyone**

**Be honest**

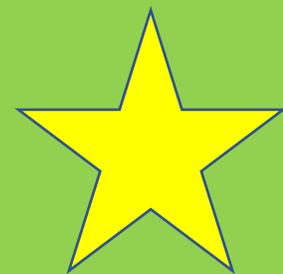

**Respect our equipment, school and grounds**

**Listen carefully and follow instructions**

**Work hard and help others to work hard too**

**Demonstrate self-control**

**Show empathy towards others**

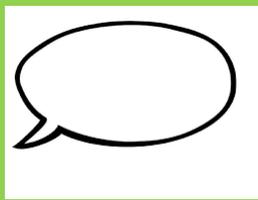

# Our Positive Behaviour System

In keeping with our school motto, “Being Great Produces Stars”, children are rewarded with stars for following the school rules and for demonstrating positive learning behaviour in school.

In every classroom, we have a “Good to be Green” display, on which every child has a card and an aim to keep it showing “Good to be Green” at all times. This represents meeting behaviour expectations. At the end of each week, 5 stars are awarded to every child who has maintained this green through the week.

# Consequences

Staff will use the following process when dealing with inappropriate behaviours:

1. A verbal reminder of appropriate behaviour is given.
2. A blue card is given: children will miss 5 minutes of their playtime.
3. A yellow card is given : children spend 15 minutes in Time Out. (Children can work towards moving back to a green card from both a yellow and blue, by improving their behaviour choices and hence earn back their breaktime.)
4. Children can move onto a red card if their behaviour does not improve. A red card may be given straight away for the following incidents: violent behaviour, stealing, bullying, racism, deliberately damaging school property and equipment and persistent refusal to follow instructions given by an adult.
5. A red card will result in children missing 30 minutes of their lunch time in Time Out.
6. Parents will be spoken to by the class teacher regarding their child's behaviour after their first red card.
7. Further red cards will lead to more formal meetings between parents and class teacher, followed by members of the Leadership Team meeting with parents. By the fourth red card, children are put on a behaviour report card with the Headteacher.

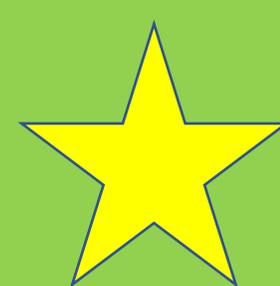

# Our Curriculum: broad, balanced and full of cultural legacy

At Bordesley Green Primary, we recognise that every child is on their own learning journey and we will strive to ensure that the children are supported to do the very best they can. As part of our recovery curriculum, we are looking forward to immersing the children in a **broad and balanced curriculum that reflects their cultural heritage.**

We will continue to deliver creative, engaging topics so that the learning is fun and purposeful. We will also weave relevant English or Maths objectives into the wider curriculum.

# Year 6 Topics

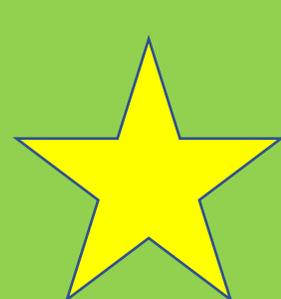

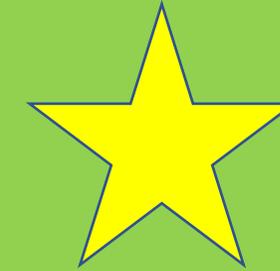

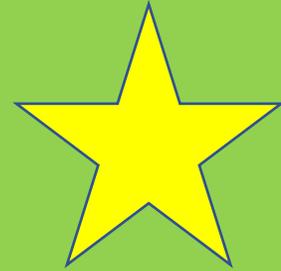

The Natural World  
V for Victory  
Greece is the Word  
Scientific Superstars  
Time Travellers

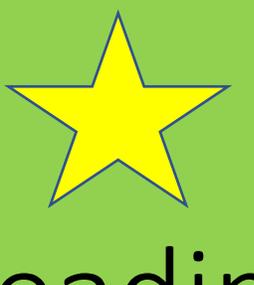

# English

## Our Vision

- \*Every child will be challenged to reach their full reading and writing potential
  - \*Children to develop a love of literature that will guide them through their education enabling them to have natural curiosity and a thirst for knowledge.
  - \*Reading and writing will be interwoven throughout the curriculum
  - \*All children will have equal access to an English curriculum that is challenging, exciting and personalised
  - \*Children will be exposed to literature that represents who they are and allows them to establish their identity and cultural heritage
- 
- 
- 
- 
- 
- 

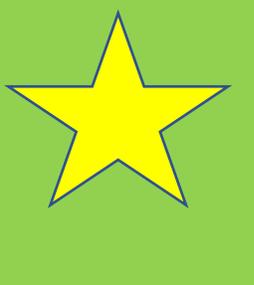

# Reading

Reading is the foundation to all other learning. We now have an exciting new reading system in school called Reading Eggs. Your child will receive an individual log-in for this and will be able to use this at home. This programme will enable your child to access a huge online library as well as be set specific tasks that are tailored to their age and stage by their teacher. The more your child completes in the programme, the more rewards they will receive.

Ensuring that your child is reading every day is a fantastic way to support their education

# Writing

At Bordesley Green Primary School, the teaching of writing is at the heart of all we do. We believe in encouraging and challenging children to express their thoughts, ideas and creativity in their written work and to understand how to write to meet a specific purpose or for a specific audience. Children are encouraged to access the Talk 4 Writing (T4W) booklets to support their home learning in Writing at: <https://www.talk4writing.com/home-school-units/>

# Key objectives for Writing

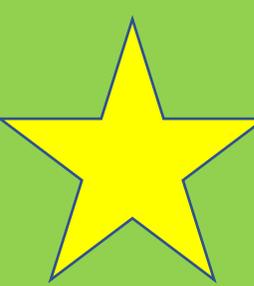

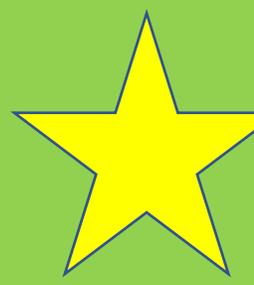

- Can identify the correct audience and compose an appropriate text based on this.
- Can distinguish between the language of speech and writing and choose the appropriate register.
- Can write using a balance between dialogue, description and action.
- Can use conjunctions to extend sentences with more than one clause, e.g. when, although, if because

# Key objectives for Reading

- Give / explain the meaning of words in context
  - Retrieve and record information / identify key details from fiction and non-fiction
  - Summarise main ideas from more than one paragraph
  - Make inferences from the text / explain and justify inferences with evidence from the text
  - Predict what might happen from details stated and implied
  - Identify / explain how information / narrative content is related and contributes to meaning as a whole
  - Identify / explain how meaning is enhanced through choice of words and phrases
  - Make comparisons within the text
- 
- 
- 

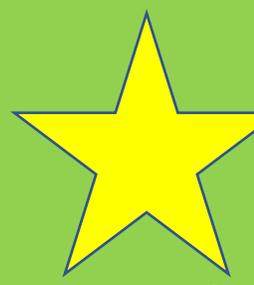

# Spelling

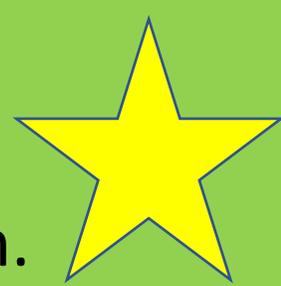

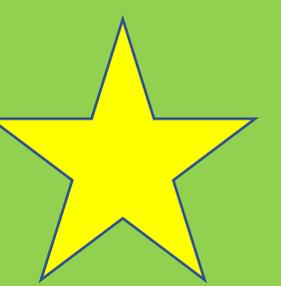

Spellings are personalised to your child. The children sit an initial test at the start of the year to identify any gaps or the next steps in their spelling knowledge. This forms the spellings they are sent home with. Please ensure you know when your child's spellings will be sent home and when they will be tested so you can support them at home. It is expected that parents actively work with their children to practise the weekly spellings that are sent home. Children will receive rewards for spelling words correctly during the test and in their work.

# Maths

## Our Vision

- 
- 
- \*All children will reach their individual mathematical potential.
  - \*All children will be confident, competent and able to reason.
  - \*All children will be able to explain 'how' or 'why' and identify how they could improve.
  - \*All teaching staff will teach competently and confidently, with secure mathematical and pedagogical knowledge, in order to maximise progress and attainment.
- 
- 
- 

# Maths

Maths is taught in a cycle. The same topics are covered at different points through each year, with children building gradually within each topic and also increasingly seeing how the different topics link together.

One of the key things we encourage, to help children with their maths, is to learn key facts. This includes facts like number bonds and times tables. If they “know” these without having to think about them, they can then focus their thinking power on more complicated problems and explain ‘how’ and ‘why’ (reasoning and problem solving). For this reason, we really value your support practising these facts at home.

# Maths

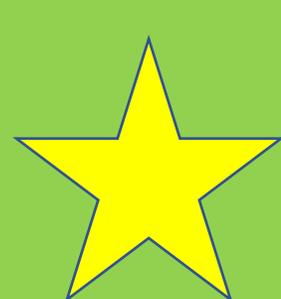

## Key objectives for Year 6

- Read, write, order and compare numbers up to 10 000 000 and determine the value of each digit. Round any whole number to a required degree of accuracy.
- Use negative numbers in context, and calculate intervals across zero.
- Solve problems involving place-value, ordering and rounding.
- Multiply and divide numbers up to 4 digits by a 2-digit whole number using the formal written methods and interpret remainders as whole number remainders, fractions, or by rounding.
- Solve addition and subtraction multi-step problems in contexts, deciding which operations and methods to use and why.
- Multiply one-digit numbers with up to two decimal places by whole numbers. Use written division methods in cases where the answer has up to two decimal places.
- Recall and use equivalences between simple fractions, decimals and percentages, including in different contexts.
- Solve problems involving the calculation of percentages (e.g. of measures) such as 15% of 360 and the use of percentages for comparison.

# Maths

## Key objectives for Year 6 (continued)

- Solve problems involving similar shapes where the scale factor is known or can be found. Solve problems involving unequal sharing and grouping using knowledge of fractions and multiples.
- Express missing number problems algebraically. Use simple formulae expressed in words.
- Solve problems involving the calculation and conversion of units of measure, using decimal notation up to three decimal places where appropriate. Convert between miles and km.
- Use, read, write & convert between standard units of measure, converting length, mass, volume & time from smaller to larger units, and vice versa, using decimal notation to up to 3 decimal places.
- Compare and classify geometric shapes based on their properties and sizes and find unknown angles in any triangles, quadrilaterals, and regular polygons.
- Recognise angles where they meet at a point, are on a straight line, or are vertically opposite, and find missing angles.
- Draw and translate simple shapes on the coordinate plane, and reflect them in the axes.
- Interpret and construct pie charts and line graphs and use these to solve problems.
- Calculate and interpret the mean as an average.

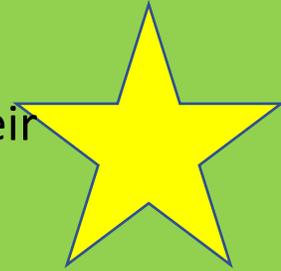

# Tests and Assessments

Teachers assess children all the time. Listening to their answers, observing them in lessons and marking their independent work all gives us valuable information about the things they can do and what they need to work on next.

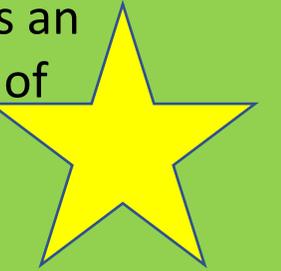

However, we do also use more formal testing at times to help build this picture of their achievement:

- At the end of Year 1 (June), children sit the Phonics Check
- In Year 2 and Year 6, children complete statutory national assessments in English and Maths during May
- In June, Year 4 will complete a statutory times tables test

We also use in-school tests at other times in the year for all other year groups to give us an understanding of what children can do independently based on the prior few months of learning.

# Working in Partnership-Homework

Subject	Day Given Out	Length of Time to Complete	Day to Return
MyMaths	Friday	30 – 45 Minutes	Wednesday
Reading Eggs	Friday	30 – 45 Minutes	Wednesday
Spellings	By Friday	10 Minutes per day	Spelling Test Day

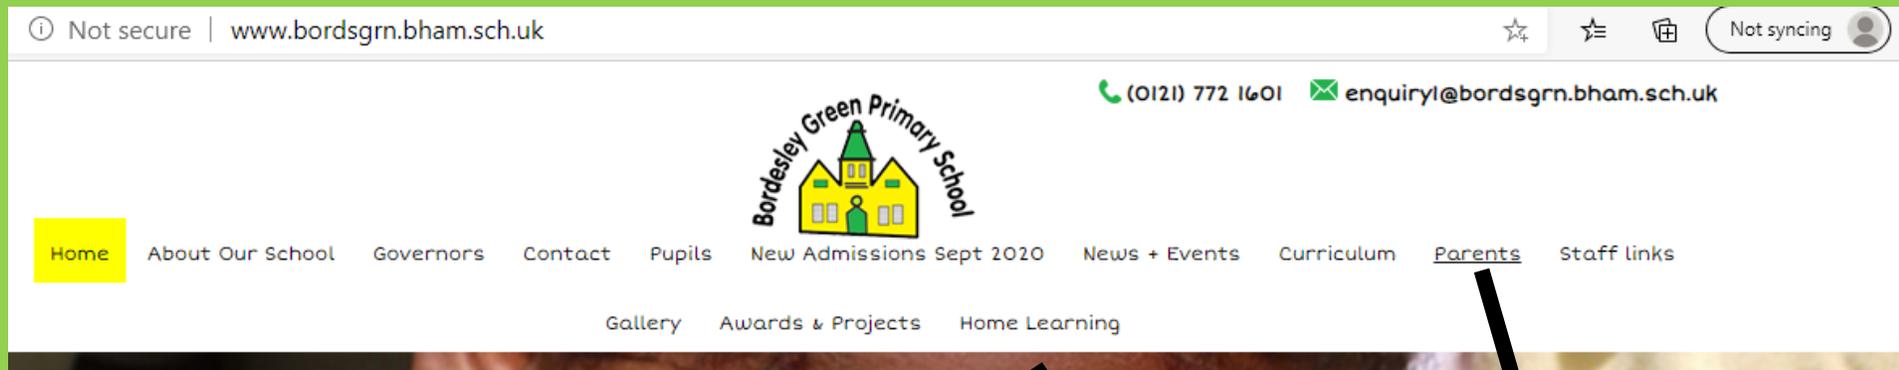

MyMaths, Reading Eggs and TT Rockstars are accessed online. If for any reason your children cannot access online homework, please inform your child's class teacher so that alternative provision can be made.

## Ongoing work:

TT Rockstars – We advise at least 15 minutes per day  
Holiday homework (to be advised to your child each half-term)
