27<sup>th</sup> April 2021

Dear Parents,

On Friday 7<sup>th</sup> May, we are holding a Number Day to coincide with the NSPCC annual Number Day. At school we will be looking at how numbers are represented in different ways and we would like to invite your child to dress up as a favourite number, represented in a fun way. Here are some ideas to inspire you:

On 7<sup>th</sup> May, we will be doing work in school on representing numbers and we would like the children to enter a fun competition on number representation. We want children to represent their favourite number in a fun, wacky and creative way. A photo of the representation can then be sent to us at your child's year group email address. Here are some representation examples, but we want the children to allow their imaginations to run wild.

We cannot wait to see what the children come up with and share all of their super work with you on our website.

Yours Sincerely

**Mrs S Davies**
